Dear readers,

As the year comes to a close, we want to express our gratitude for your contributions to the BE EBCP Mirror Group work in addressing cancer control and prevention in Belgium.

We are thrilled to announce the launch of our very first podcast. This exciting new platform will provide us with an opportunity to connect with you and hear from leaders and experts in the cancer field in Belgium.

Let's take a moment to reflect on the exceptional accomplishments and milestones that have defined this year. In 2023, the BE EBCP MG accomplished the following:

- First annual symposium ["Strengthening together Belgium's efforts against cancer: from concept to reality"](#);
- The thematic working groups developed 8 policy briefs to provide recommendations on key areas of Europe's beating cancer plan;
- Better monitoring of Belgian participation in cancer projects - Belgian partners are currently involved in 17 projects under EU4Health and 66 projects under Horizon Europe programme.
- We organised three workshops to present the Mirror Group's activities and outputs at the European Public Health Conference 2023 in Dublin;
- Launch of the Mirror Group [website](#) and podcast series [Beating Cancer Belgium](#).

In total, the Mirror Group gathers more than 320 participants.

We hope that you all have a happy holiday season and healthy new year!

Thank you for being an integral part of our journey!
